In this school, which is nestled in a valley among the high and majestic mountains of Western North Carolina, the Seniors of 1955 went through trial and tribulations, joys and pleasures of "school days."

We Seniors find it hard to break away and leave indefinitely our "big family" of friends and teachers to make our way in the world alone. We realize the seriousness of what we are about to do as each of us go out to strive toward our individual goal which was inspired largely by the associations and things in our school life.

To repay somewhat for the help and encouragement that we have received, we hope that our accomplishments will bring prestige and honor to our school.

DEDICATION

Dedication

Because of the personal interest and guidance he gave to each one of us,

he inspired us to work toward the highest things of life-

Because he helped us with our many troubles as well as enjoyed with us

our pleasures-

Because he was ever present when we needed him most and gave his

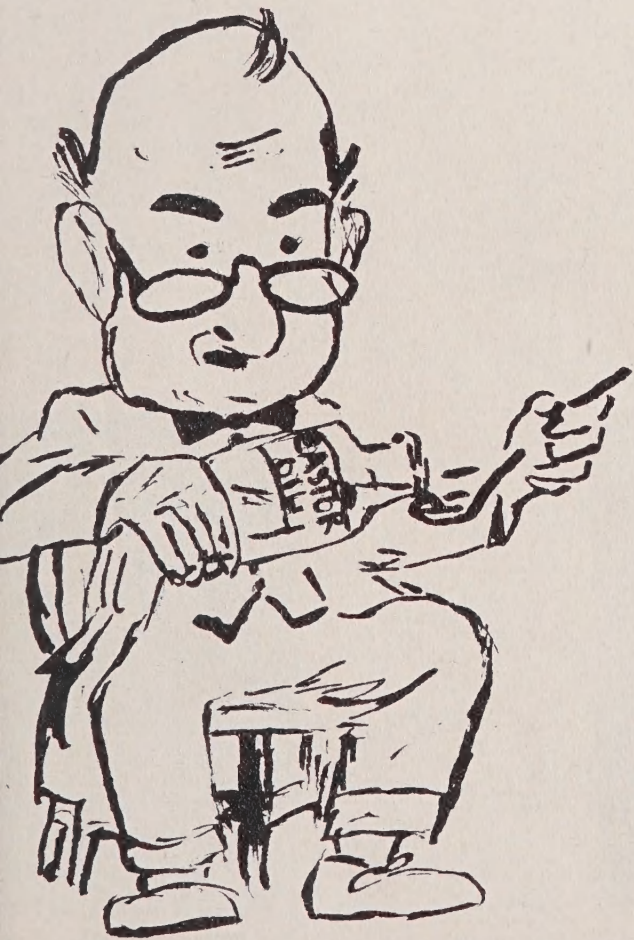

time and energy unselfishly to us-

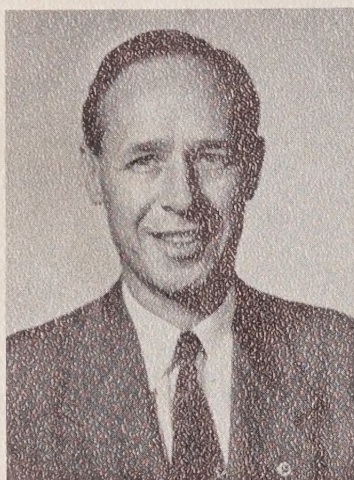

To show our appreciation and thanks, we, the Senior Class of 1954-1955

dedicate this, our annual, The Stingaree, to you-

May 27, 1965
Washington, D. C.

Dear Numskull,

Ten years ago I graduated from the now-world-famous Cullowhee High School. A few months ago I began wondering what my classmates of 1955 were doing, so after making a wide survey this is what I found:

I wasn't too much surprised to find that Lyndon Higdon won the Indianapolis 500 after using white-lighting for gasoline.

After successfully completing her business course, Marlene Nicholson is now secretary for the J. A. Jones Construction Company.

Freta Middleton achieve her goal at nursing but not as she first thought. She is taking care of her children.

I found that Zettie Coggins is taking dictation for Tony Curtis out in Hollywood.

Well, I guess Don Wood has his one and only wish of finishing his music course and then joining Mrs. Jones in the music department of Cullowhee High School.

In my survey I found that Jean Holden has never caught her a man.

I see Margaret Norton is suing her fifth husband for alimony.

It was hard to find much about Edna Hooper because it seems as if she and her husband are moving around quite a bit.

Martha Moore is now a missionary teaching United States History in Africa.

Jeanne Henson's business degree isn't doing her much good since she is now practicing Home Economics in her own home.

Terry Moses has ten years off his army career and has twenty more to go.

In my survey I found that Mary Ann Stephens has just returned to Washington, D. C. from Cullowhee where she investigated the robbery of the Cullowhee Branch of Jackson County Bank.

Gordon Lovedahl is well on his way to be a mechanical technician.

David Bryson is now flying rockets to the moon and fighting space men on TV.

Troy Coggins owns his own garage on Cullowhee Mountain.

I think Virginia Stephens must look real gone peering through her ~~maginifing~~ magnifying glass and catching crooks.

I read in the paper where one of Nurse Naomi Prince's patients just passed on.

Betty Bryson and Linda Holden are still fighting over their boss.

Don William's College career ended with a bang because the day he graduated he eloped with a redhead and her father saw to it that it ended with a bang.

Jacquelyn Wood and Dorothy are now secretaries for road companies, The Wolf Mountain Shoe Factory and the Canada Hat Factory.

I doubt Ray Dills lives to 120 because his married life is getting him down. He just can't stand nagging.

George Hooper surely couldn't have gotten his voice down low enough to propose because he is still single and looks as if he is proud of his bachelor degree.

I see that Buck Jenkins and Bruce Wike have hung out their dentist shingles together, with Bruce looking for cavities and Buck doing all the wolf howling.

Milas Ashe has broken his old habit of being absent because he finds it hard to keep up his family and young'uns.

I see tall, dark, handsome A. J. Ashe is in Hollywood with Marilyn Monroe on his arm.

Arnold Aiken is writing poetry for the Esquire Magazine.

Jimmy Crawford had a real nice gun-shot wedding the summer of '55 and has had twelve children.

Timid, little Ruby Watson is having her time in teaching in the all men's college.

Look at all these hair-dos Eloise Stewart has created.

Johnny and Larry Buchanan makes a good tap dancing team.

Shirley Rae Taylor has started a private school for sweet young ladies in Speedwell.

Clark Clayton is still driving a bus for Cullowhee High School.

Jesse Coggins is still sleeping through Mrs. Conrad's Problem of Democracy class.

I think former Bonnie Crawford's little red-headed children are "plumb" cute.

Looks as if the civilized part of the country was getting too crowded for Mary McCarty Pressley and her husband Herbert because they have left their pretty home in Brevard and have gone to Alaska.

Edward Lawson is still chasing around after Carolyn Simpson but we don't think it is as serious as it was.

Tommy Hodges is still sorry he forsook us for college.

I found that Patty Wolfe is very happily married to her one and only Ellwood.

Well, folks, that's all!!!!

So long,
The two o' us
